MEET KOMO!

Let's go on
an adventure!

I'm **Komo**, a curious Komodo dragon!
I love exploring, making new friends,
and learning about my wonderful
country—**Indonesia**.

I live near Komodo National Park,
where the land is warm, rocky,
and full of surprises.

Curious

I love to
discover new
things.

Kind

I care about
nature and
friends.

Brave

I'm ready to
try something
new.

Fun Fact:

Komo's real-life
animal relatives
live only in a small
part of Indonesia.

MAP OF INDONESIA

Indonesia is a huge island country in Southeast Asia. It is made up of more than 17,000 islands!

Sumatra

Kalimantan

Sulawesi

Papua

Java

Bali

Lombok

Flores

Komodo

Many people live on the island of Java.

Komodo dragons live in eastern Indonesia.

The sea connects thousands of islands.

KOMO'S ISLAND HOME

I live near Komodo National Park
in eastern Indonesia.
My home has sunny hills, rocky paths,
and clear blue water.
I love watching boats, feeling the sea
breeze, and exploring the wild places
around me.

Home is full
of adventure!

TRUE FACT

- Komodo National Park is in eastern Indonesia.
- The islands there have dry forests, beaches, and beautiful sea views.

6 JAKARTA: OUR CAPITAL CITY

Jakarta is the capital city of Indonesia. It is a busy place with tall buildings, markets, schools, museums, and lots of people. Today, Jakarta is the capital, and Indonesia is also developing a new capital city called Nusantara in East Kalimantan.

There's so much to see here!

CITY FACTS

Jakarta is on the island of Java.

Monas is a famous monument in the city.

People from many backgrounds live and work in Jakarta.

GETTING AROUND INDONESIA

Indonesia is made of many islands, so people use different kinds of transportation.

In cities and towns, motorbikes are very common.

People also travel by car, bus, train, and boat.

Vroom!
Vroom!

TRAVEL TIPS

Boats help people move between islands.

Trains run on parts of Java and Sumatra.

Motorbikes are a common way to get around.

VOLCANOES: MOUNTAINS OF FIRE

Indonesia is part of the Ring of Fire,
a region with many volcanoes.

The country has more than
120 active volcanoes.

Volcanoes help shape the land
and create rich soil for
plants to grow.

Wow—what
a powerful
mountain!

VOLCANO FACTS

Some volcanoes
are tall mountains.

Rich volcanic soil
helps farmers
grow crops.

Volcanoes are
powerful parts
of nature.

AMAZING ANIMALS: KOMODO DRAGON

Komodo dragons are the largest living lizards in the world.

They live only in a small part of Indonesia, mostly on islands in the east.

They are strong, wild animals with sharp claws, a keen sense of smell, and powerful tails.

REMEMBER

Komodo dragons are wild animals, so people should always watch them safely with trained guides.

My wild cousins are amazing!

GOOD SWIMMERS

Komodo dragons can swim between islands!

STRONG SENSE OF SMELL

They can smell food from far away with their long tongues.

LARGEST LIVING LIZARD

They can grow up to 3 meters (10 feet) long!

GIANT FLOWER: RAFFLESIA

Deep in the rainforest, Komo discovers one of Indonesia's most unusual plants—the giant Rafflesia flower.

Rafflesia is famous for having one of the world's largest individual flowers.

It grows low to the forest floor and depends on a host vine to grow.

What an amazing flower!

RAFFLESIA FACTS

- It has broad red petals with pale spots.
- It grows in the rainforest.
- Its smell helps attract insects.

DURIAN: THE SPIKY KING

Durian is a famous fruit in Indonesia. It has a spiky shell and a very strong smell. Some people love durian, and some people do not, but it is a special fruit in many parts of Indonesia.

Wow...
that smell
is strong!

DURIAN FACTS

- It grows on trees.
- Its outside is spiky.
- Many people enjoy it as a treat.

DELICIOUS FOOD!

Indonesia has many tasty foods.
Nasi goreng is a popular fried rice dish.
Rendang is a well-known meat dish
from West Sumatra.
Satay is grilled meat served on skewers.

I wish I
could taste
everything!
